### Calendar of Events

January, February, March;  
Third Sunday . . . Alex's  
Studio, 650 N. Fulton, Fresno  
4:00 - 8:30

We wish to express our appreciation to all who came to Queen Doris's coronation. We had a grand time. Special thanks go to our chairperson, Kathy Sachse; to Frank and Helen Kimura for the champagne; to all of the helpers. The decorations were lovely. The entire event was well organized.

At our November meeting, we added seventeen members. We now have a total membership of seventy-seven. We are still learning what we need to do to become as asset to NSD. We appreciate the patience and support many of you have shown to us.

## Meet Our Queen-Elect

Doris Bowling is Fresno NSD's newest queen. Doris, who is tall, slim, and blond, is a real asset to our local chapter. Her lively sense of humor and keen observations about the people around her make her one of Fresno's most interesting people to be around.

Doris is a lady who keeps very busy at a variety of activities. She is a successful hairdresser who owns her own shop. She also runs a Christmas Boutique at Fidalgo's Christmas Pines, a Christmas tree firm in Fresno. Doris was also responsible for the lovely table decorations at both of our Affairs to Remember. She and her sister, Kathy Sachse, designed and made the palms that graced the ballroom at this year's Affair.

She designs and sews most of her own clothes. Her dance dresses are stunning and suit her perfectly. That surely must be the mark of a good designer.

Doris says that she first learned to dance at Portuguese celebrations when she was a child and she has been dancing ever since that time. This experience is obvious if you have ever watched Doris dance. Her poise and confidence on the floor are readily apparent to all who watch her.

Our Queen-elect is most relaxed when surrounded by those she knows best. Her warmth and appeal was obvious on the evening that I interviewed her for this column. The quick and lively interaction between Doris and those she was with was delightful to encounter.

Doris is looking forward to an exciting year of travel to all of NSD's chapters as she gets to know more of the people in NSD and learn more of the traditions that some of you have developed.

Doris will be escorted by her life-long friend and partner, both on and off the dance floor. Maurice Fidalgo.
