CORONATION CEREMONY

As our "Splendor of the Nile" unfolds amid the Golden Pyramids, and Egyptian Hieroglyphic Lamps, one can envision the beauty of the ancient times of Egypt and the life of pharaohs in the valley of the Nile along the lush banks of the longest river in the world. Life in ancient Egypt centered on the river like a silent highway as the people inscribed on papyrus the principles of medicine, dentistry, mathematics, and artwork. The blue turquoise stone, thought to be divine, represented endurance and regeneration. The ancient people associated the Lotus Flower with the solar cycle of daily rebirth, since the bud closed at night and reopened the next morning. The lotus blossom was the symbol of rebirth to the Pharaohs.

As we begin the procession of our royal Queens with the lovely music of Verdi's Aida, arranged by George Schmidt, especially for Tahani, Our lovely Queen, Carla Rose wishes to thank everyone for the fantastic year she has had as our ambassador in National Smooth Dancers. She is nurturing within her heart all those who were so caring, friendly, helpful, and happy to share in the responsibilities of the Queen. She is very grateful for all of the new friends, the sisterhood of the crown circle, and all of the handsome escorts that were at her side during the year. She requests that we all "Keep the love of dancing in your heart".

1.) I now present: Queen Carla Rose Hartunian, escorted by her friend Robert Dowell. She carries the Lotus symbol as her scepter.
